

## Our Philosophy

- ☺ To develop the whole child in a nurturing and supportive environment.
- ☺ To encourage a positive self-image, sense of uniqueness and develop self-confidence.
- ☺ To develop fine motor and gross motor skills through a variety of age appropriate activities.
- ☺ To stimulate creativity through arts, crafts, music and dramatic play.
- ☺ To increase language skills through conversation, stories, puppetry, songs and childrens' literature.
- ☺ To introduce reading, math and science concepts through play and “hands on” learning experiences.
- ☺ To foster curiosity, creativity, enthusiasm and a love of learning.
