

STEM based educational curriculum that ignites kids' curiosity in science and technology

S.T.E.M. Summer Camp @ Madison Community House

The Fun and Educational **S.T.E.M.** based 2018 Summer Camp at **Madison Community House** is now open for Registration!!

Stem Owl STEM OWL Summer Camps

Introductory Physical Computing and Coding/Programming (Age 8-11); \$175 per week

STEM OWL's uniquely designed curriculum adapts a step-by-step, project-based teaching method that introduces basic programming, design logic, computer systems, and electronic circuitry.

Our one-week camp first introduces campers to key programming concepts through hands-on applications such as various basic game creations. The curriculum then integrates projects such as setting up computer systems, connecting sensors, breadboard and writing basic code to control the circuits and sensors. Challenging problems are given in each session to enhance students understanding and encourage creativity.

Date and Time: 6/25 – 6/29 9:00 am – 12:00pm

Register at www.stemowl.com (Click on "Enroll Now"; select Madison Community Camp in the last field of the registration form)

Bricks 4 Kidz LEGO® Summer Camps

All Around LEGO® Camp (Age 5-10); \$160 per week

Bricks 4 Kidz® LEGO® camp is specifically designed to inspire creativity and build knowledge in STEM. Our five-day camp offers a variety of kids' favorite LEGO® themes such as Minecraft®, Star Wars®, Pokemon®, and Angry Birds®, etc. Our camp includes loads of creative building, games, challenges, and motorized model creations. In this camp, EVERYTHING IS AWESOME!!

Date and Time: 8/20 – 8/24 9:00 am – 12:00pm
