Reminders:

You will need a yoga mat (let me know if you don't have one).

Wear comfortable clothing, stretch waistbands are best. Yoga is best done barefoot to prevent slipping. "Big" jewelry will get in the way of your movement so remove it before class. Dress in layers as your body might feel chilly at the beginning and end of class. Refrain from eating a heavy meal within the two-hour time frame of starting class, it will make you uncomfortable. Stay hydrated with herbal teas and/or water.

What to Expect:

The class will be held in a quiet, meditative atmosphere, with relaxing music playing and a candle lit. We will do a variety of lying down, standing and sitting postures; nothing stressful. We move our body in unity; strengthening and lengthening muscles, mobilizing our joints and calming our mind.
