Remember the Ladies

March is Women's Month and we will be celebrating with a program on all of The First Ladies presented by Madison's own Museum of Early Trades and Crafts

This program will touch on all the first ladies of the United States, from Martha Washington to Dr. Jill Biden. Not all first ladies were the wife of the president and each dealt in her own way with the inherent tension between the public nature of the role and the discomfort of society with women in public positions. Many of these varied and often overlooked women made valuable contributions and helped shape the presidency of their husband, brother or father.

To register, please mail completed form along with check made payable to TMC to TMC, PO Box 345, Madison NJ 07940 before Monday, March 27th. Please note March WWW in the memo space on your check.
